Tabletop displays

Tabletop wooden displays are the perfect choice to give visibility and prestige to your products.

Suitable for advertising flyers and generally to promote your products on the reception desks, information points or even near the cash desks, as a last chance to purchase.

The knock down design makes them easy to assemble because no hardware is needed.

Presentoir da banco che contiene 4 bottiglie

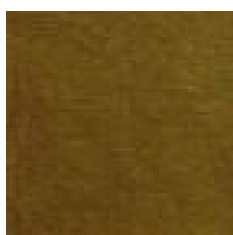

Wood thickness: 9 mm.

Suggested max load per shelf: 25-30 Kg.

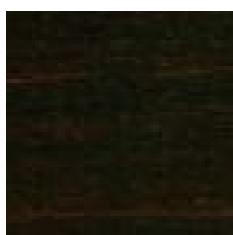

In order to follow our environment responsibility path we decided to use only water-based colors to paint the wooden displays we produce. This kind of color enhances the veins and gives a final tone slightly opaque but still warm and catchy. A painted display is the best way to showcase your products in a more appealing way.
